---

## Web Developer

- **Mobile:** +2348119638025
- **Portfolio:** [ogayanfe.netlify.app](https://ogayanfe.netlify.app)
- **Email:** [ayanfeoluwakoyinsola@gmail.com](mailto:ayanfeoluwakoyinsola@gmail.com)
- **LinkedIn:** [in/ogayanfe](https://in/ogayanfe)
- **GitHub:** [github.com/ogayanfe](https://github.com/ogayanfe)

## Summary

Fast learner and quick problem Solver, passionate about building web applications that leverage my strong foundation in both frontend and backend web development technologies and contribute to real-world projects. I'm always eager to learn new technologies and skills.

## Projects

### 1. Websandbox: Stackblitz Clone

- **Description:** A online web development sandbox providing users with a platform for creating frontend projects completed on the web with **html**, **css**, **js** and **typescript** support out of the box.
- **GitHub:** [ogayanfe/websandbox](https://ogayanfe/websandbox)
- **Live Demo:** [websandboxx.netlify.app](https://websandboxx.netlify.app)
- **Technologies Used:** *Python, TypeScript, Django, React, ReactRouter, Django Rest Framework, Material-UI, Tailwind CSS, Webcontainers, Amazon S3*

### 2. Birdie

- **Description:** A fully functional social media platform built with Django and React. Users can create posts, view content feeds, like and comment on posts, follow and unfollow other users. It has both light and dark theme support.
- **GitHub:** [ogayanfe/birdie](https://ogayanfe/birdie)
- **Live Demo:** [birdie.netlify.app](https://birdie.netlify.app)
- **Technologies Used:** *Python, JavaScript, Django, React, React Router, Django Rest Framework, Material-UI, Tailwind CSS*

### 3. Linkup

- **Description:** A real-time chatroom application powered by Django Channels and WebSockets, providing users with instant communication capabilities.
- **GitHub:** [ogayanfe/django-chat-application](https://ogayanfe/django-chat-application)
- **Technologies Used:** *Python, JavaScript, Django, Django Channels, Redis, WebSockets, Html, CSS3*

## Skills

- **Programming Languages:**
  - Python

- JavaScript
- TypeScript
- Golang
- **Frameworks/Libraries:**
  - Django
  - Django Rest Framework
  - React
  - React Router
- **UI Frameworks:**
  - Material-UI (MUI)
  - Tailwind CSS
- **Frontend Technologies:**
  - HTML5
  - CSS
- **Other Tools:**
  - Node.js
  - Bash
  - Git
  - webcontainers
  - Docker

## Education

- **B.ENG ELECTRICAL AND ELECTRONICS ENGINEERING (2022 - 2026)** *Federal University Of Agriculture, Abeokuta (FUNAAB)*

## Certifications

- [FreeCodeCamp Legacy JavaScript Algorithms and DataStructures](#)  
- [FreeCodeCamp Responsive Web Design](#)
